LOWER SCHOOL DRESS CODE

The dress code honors students’ individuality and provides the opportunity for individual expression of dress and also ensures students adhere to standards of dress consistent with our mission and guiding principles. Our dress code is meant to help create a positive, safe, and fully participatory learning environment for each student. Students are expected to dress appropriately for all school related activities, both on and off campus.

Decisions about clothing safety and suitability rest with the faculty and administration. Students who violate the dress code will be provided with alternative apparel to wear during school hours. If dress code violations persist, the offending student will face disciplinary consequences.
